

FIRE AND EMERGENCY EVACUATION PLAN

The Fire and Emergency evacuation plan below is practiced and reviewed regularly, ensuring the participation of each child. This is carried out in a sensitive manner so as not to frighten or upset the child. The instances are then recorded in a fire drill record.

In the case of a fire or emergency I will supervise the children and leave the premises via the safest, nearest exit calmly and as quickly as possible.

I will take my mobile phone/emergency contact list/register before I leave, as long as this does not compromise the safe evacuation of the premises.

ONCE OUT, STAY OUT

On arrival at the designated safe place I will then phone the Emergency Services and contact parents

The house has smoke detectors, which are tested on a regular basis, as a requirement of registration as a childminder. A fire blanket is in the kitchen to deal with a small fire or, if necessary, to wrap someone in.

A separate fire risk assessment is carried out and reviewed regularly.

If you have any concerns, I will be happy to meet and discuss them with you.
